Tuition Payment Instructions

Tuition is set in euros (EUR). We accept payments into both our U.S. and French bank accounts, so international families can choose the most convenient way to pay.

Paying in U.S. Dollars (USD)
You will receive an invoice in U.S. dollars, converted from the euro tuition amount using the EUR/USD exchange rate on the date the invoice is issued. Payments can be made directly from a U.S. bank account through your QuickBooks invoice.

Paying in Euros (EUR)
You will receive an invoice in euros along with our French bank details. Payments can be made by SEPA transfer or international bank transfer to our French account.

Paying from the UK or another country
You may choose to pay either our U.S. account in U.S. dollars or our French account in euros. Your bank or international payment service can convert your local currency when making the transfer.

Payment Schedule

Upon acceptance
A payment of 30% of the total tuition is due to confirm your place on the program.

90 days before your program begins
The remaining tuition balance is due in full.

Cancellations & Refunds

If you cancel before the final payment deadline, tuition payments are refundable minus 10% of the total tuition.

After the final payment deadline all tuition payments are non-refundable.

Exchange Rates

Tuition is always based on the published euro price. If we invoice you in U.S. dollars, the exchange rate is fixed on the date the invoice is issued, so the amount due will not change after that invoice is issued.

Bank Fees

Any fees charged by your bank or payment provider for international transfers or currency conversion are the responsibility of the sender.
